

Community Conversation
Oceana County System of Care for Youth
 May 3, 2016

What can we do in Oceana County to move closer to our vision of a healthy community?

Collaborate to unite resources for community	Develop and promote mind and body wellness	Enhance the wellbeing of families	Build opportunities to connect community to resources	Increase transportation options to community resources	Connect community to housing resources and advocate growth	Create employment opportunities for all abilities and increase workforce readiness	Create activity for healthy lifestyles
Stop working in silos - collaborate	Target substance abuse	Mentoring families	Build relationships through community events	Mobile health community services	Affordable housing - More!	Increase local employment opportunities	Promote existing opportunities for an active lifestyle
Cross coalition collaboration	Enhance mental health services: substance abuse, reduce isolation	Family strengthening resources	Consistent resource fairs	Public transportation	Housing as a health issue	Adult literacy capacity increased	Build a dog park
Collaborate with the business community	Education on sexual health	Positive communication between parents and teens	Offer creative "disguised" education to all	Increased transportation	Address homelessness		
Increase funds for outreach services	Access to mental health	Connecting and educating families with healthy foods	Incentivize meeting healthy goals (free groceries, tax cut)	Access to dental health			
Fund-builder, grant writing to increase \$ for services	Wellness services - whole person	Parenting classes in English and Spanish					
Coordination of services in community							
Using community input to drive goals/planning
